

Board Meeting 2017-10-10 6:30 PM

Attendees: Bonnie, Peter, Elaine. Absent: Shirley, Amy

Minutes: Accepted the minutes 9/14.

Financials: Reviewed the financials from September 2017.

Open Issues:

Unit 118: Reported exterior damage on the lower left corner of the door frame and the step of the unit. She says that the sprinkler water caused the damage. We will send out a carpenter and ask to have the sprinkler aim looked at.

Unit 115: Main water line break has been fixed. However, the plumber could not replace the off switch connected to the building, since it is rusted out. We can still have the city turn off the water if needed, but we need to examine if the line needs to be replaced.

Next Meeting: Tuesday, November 21, 2017, 6:30 PM
